A social enterprise of
Project Place
that provides warehousing and
delivery services throughout Greater
Boston, while preparing individuals
for a career in logistics.

Your Warehouse and Delivery Staffing Solution!

A trusted partner. In operation for over 50 years, we are a state certification site, granting Pre-apprenticeships and Registered Apprenticeships in Light Truck and Vending.

Experienced. All participants are proficient in warehousing, loading and delivery practices. Each has completed coursework and training in logistics software and Google Suite.

Productive from Day One. Project Place staff pre-train participants in your company's specific operational procedures.

Never short staffed. Project Place ensures an ample pool of workers, trained and ready to meet your goals and staffing needs.

We got your back. Your company will have a direct link to a Project Place relationship manager.

AND... they stick around. After obtaining permanent positions, 80% of our graduates had retained their jobs the next year.

OUR COMMUNITY

The Logistics Enterprise Apprenticeship Program (LEAP) is a division of Project Place; providing job training, work experience with pay and job placement support in modern logistics. LEAP provides businesses access to these capable employees through our temporary labor agency, filling gaps in warehousing and delivery staffing needs.

Each employee is provided with case management, career counseling services and assistance with finding a stable housing situation.

OUR MODEL

LEAP is a multi-step training program that fulfills apprenticeship requirements while training clients in warehousing and delivery.

Clients are versed in software and technology specific to the logistics industry.

Those in LEAP will have the chance to test for credentials like OSHA, Commercial Drivers Licensing (CDLs), Forklift/Hoisting and Customer Service.
