

Project Place Employer Update

May 26, 2020

Client Hired!!

Jose Aponte was hired by the Phoenix House, a recovery program in Dorchester. He was part of the March Work Ready class and greatly contributed even once the class went online. We are proud of him for this accomplishment, especially because he is helping other people in recovery. Please reach out to Danny, who is his case manager if you would like to congratulate him.

Marie Lafontant was hired by Star Market to do COVID-19 prevention at the store. She was in the SPARRC program, and we are proud to say she is first client to receive a job while in SPARRC. Please reach out to Ally, who is her case manager if you would like to congratulate him.

JobGet

Career Services has established a strong partnership with JobGet. Job Get has been reaching out to us because there is still high demand for employees from the 'Essential Business' that must stay open during quarantine. I know a lot of our clients aren't allowed to leave their housing currently, but what's great about JobGet is it allows video interviews on their cellphones. This would allow them to interview and possibly get hired without leaving their homes. Ideally, once they get a job they are allowed to leave, but even if that's not the case it will set them up well for once the quarantine is over.

Please encourage your clients to download JobGet and use it as a resource to find employment
